

Requests for Proposals

Harbor Regional Center (HRC) is a private non-profit organization under contract with the State of California Department of Developmental Services. HRC is part of a statewide network of 21 Regional Centers responsible for the coordination and development of services to meet the needs of individuals with developmental disabilities. Our service area is located in the southern and southwestern L.A. County, and includes Torrance, Harbor, Bellflower, and Long Beach health districts.

HRC evaluates the resource needs of our clients and the business needs of our Center on an ongoing basis, and periodically invites prospective service providers to submit proposals. We thank all potential service providers for their interest in these projects or future specialized development and requests for proposals.

HRC 2018 Request for Proposals:

[Mental Health Community Clinic](#)

Submission Deadline: December 15, 2017 by 3:00 pm

Harbor Regional Center is seeking development of a community clinic that would focus on primary care, psychiatric care and mental health services for individuals with mental health and/or behavioral challenges who are either moving from a state developmental center or at risk of moving into an institution.

[Adult Day Activities](#)

Submission Deadline: December 15, 2017 by 3:00 pm

Harbor Regional Center is seeking development of a specialized Community Inclusion Center day activity site that provides services for individuals who are either moving from a state developmental center or at risk of moving into an institution. A portion of each day would be spent in the community.
