APPLICANT QUALIFICATIONS

The HDOs primary mission is to develop and manage accessible homes for the needs of individuals with developmental disabilities. For the purpose of this project, the applicant must be a non-profit HDO with tax exempt status as a 501(c) (3) corporation. The HDO will be required to receive and retain an Organizational Clearance Certificate for the project from the California Board of Equalization in order to be exempt from property taxes. **Only applicants who have acquired, constructed, or renovated property for the use of Regional Center populations for a minimum of three years, or have team members with at least 4 years of relevant experience, will be considered.** Applicants must possess qualifications as specified in this RFP. Proposals will be considered from affordable housing providers who retain development team members with documented experience in real estate purchase, financing and renovation.

Deed restrictions must specify that the property will be held and be available for services to persons referred by HRC in perpetuity. Renovation of the property must be supervised by, and is the responsibility of, the HDO. Renovation plans must be developed for the HDO by a licensed architect and approved in partnership with HRC and potential service provider, if applicable, prior to the application of appropriate construction permits. All renovations must be implemented by a licensed, bonded contractor within the State of California. The property will be leased to a residential service provider selected by HRC at HRC's sole discretion, who will provide care and supervision to the residents. The selected residential service provider as well as regional center staff will be available to the HDO/architect/building contractor for development team meetings and technical assistance regarding the needs of the individuals referred as well as the requirements of Community Care Licensing. The property will be licensed and certified as an Adult Residential Facility for Person's with Special Health Care Needs, specifically to support non-ambulatory residents in the community.

APPLICANT INELIGIBILITY

Refer to CCR, Title 17 Section 54314 for individuals who are not eligible for regional center vendorization.

START UP FUNDING

HRC is able to offer start-up funds through the Community Placement Plan (CPP) and the Community Resource Development Plan (CRDP) approved for fiscal year 2022-23. This will include funding available for both the acquisition and a separate amount for the renovation of the selected property. A contractual agreement will be entered into between the HDO and HRC, which will indicate specific milestones to be achieved and the funds to be released based upon the completion of each milestone. The amount of start-up funding will be negotiated, but shall not exceed \$350,000 for acquisition and \$250,000 for the subsequent renovation of a single

family home (Project 4). These funds are contingent upon DDS providing the agreed upon amount to HRC for this specific project and are subject to change without notice by DDS.
