What If The Client Is Told That His/Her Medi-Cal Is Not Working?

In general, the client should contact his/her Medi-Cal worker to find out more about the problem.

HRC physician consultants, Benefits Specialist, and Program Managers also have access to a website where they can check the status of a client's Medi-Cal.

If inquiring about a client who has Medi-Cal through Institutional Deeming, you can call the Medi-Cal Long Term Care office at (626) 854-4872. Ask for the Medi-Caid Waiver unit.
