

TASK is proud to present the following presentation in collaboration with Southeast Family Resource Center:

# Join us for a Special Event: Make your own Adapted Book

Have little ones that are interested in books, but unable to turn the pages independently? Come join us and adapt a book that your child can use! While page fluffers are placed between pages to create a space for easier page turning, page turners are attached to the page and extend out beyond the page. Participants can choose their preferred method and take home an adapted book. One book per family. Space is limited.
